

Week of Nov. 12	Parishes	LDHTF Parish Liaison	Date of Call	Notifications of Substantial Damage	Current Housing Issues	Additional Resources Needed	Parish Resources Available	GOHSEP/FEMA Call Report	Other Notes
Region I	Darryl Delatte James Finan	GOHSEP Regional Coordinator FEMA District Director							
	1 Jefferson	Kimberly Durow							
	2 Orleans	Kimberly Durow							
	3 Plaquemines	Brenda Evans							
	4 St. Bernard	Ella Camburnbeck							
Region II	Darren Guidry	GOHSEP Regional Coordinator	11/14/2012						Attempted to call, but received a voicemail. I sent him an email and I'm waiting for a response. I'm trying to schedule a conference call with Jerry and Darren on Monday, Nov 19th @ 3:30pm
	Jerry Ostendorf	FEMA District Director	11/14/2012						Spoke to TD who has been acting in place for Jerry, and he said Jerry will be back at the office on Monday the 19th. He suggested I contact Jerry next week to coordinate a date/time for a conference call. Jerry emailed me back and asked if we could have our conference call on Monday, Nov 19th @ 3:30pm
	5 Ascension	Ella Camburnbeck	11/14/2012						Left messages for Ascension but have not been able to get in touch with- If I understand correctly though there definitely was some damage in the Parish so I would appreciate being included in whatever call you set up to see if Jerry and Darren have any insight.
	6 East Baton Rouge	Ray Rodriguez	11/13/2012						received an email response from Ms. Moreau, who stated they are not aware or involved with any outstanding housing issues related to Isaac. She further states they have not received any requests for support or housing assistance.

7	East Feliciana	Ella Camburnbeck	11/14/2012						East Feliciana said they had no one in transitional housing, some home damage but not enough to displace people. The biggest complaint from their residents was related to Isaac being a named storm thus State law allowed insurance companies to raise their deductibles- this makes fixing up homes harder/more expensive however people are still making progress. Most folks registered with FEMA through the DRC and have already received their FEMA letters so they didn't feel there was really any support we needed to provide.
8	Iberville	Ray Rodriguez	11/7/2012						Ms. Doiron reviewed the Iberville IA data that I sent to her, but said she did not see anything on the report that suggested any additional unmet needs the Parish may have at this time.
9	Livingston	Ray Rodriguez	11/14/2012						left message
10	Pointe Coupee	Ray Rodriguez	11/7/2012						left message
11	West Baton Rouge	Lynn Bankston	10/24/2012	10/24/12: Parish found no damage during initial assessment but believes there could be isolated circumstances. They don't know of any displacements. FEMA did set up a DRU but is unwilling to share this information with the parish.	none that they know of	none that they know of			
12	West Feliciana	Ray Rodriguez	10/30/2012						Spoke to Chief Boyett and he said he had a direct contact with Darren Guidry with GOHSEP and he has been receiving weekly updates on the data for the Parish. He said they have not identified any unmet needs at this time, but he would be happy to maintain communication with me.
